# REPUESTOS

### Rodamientos

### Chumaceras

### Manómetros

### Sellos Mecánicos

SIC / SIC / VIT

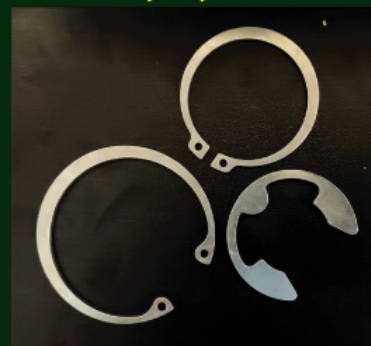

### Flejes de acero inoxidable

### Pasadores tipo horquilla

### Anillos Seeger A, J, RS

### Anillos de Retención EK, IK, SP, Belleville

### Niples Combinados Niples Escamados

### Retenes Radiales

### Pines de Expansión

# REPUESTOS

**Abrazaderas de Doble Perno**

**Abrazaderas Regulables**

**Abrazaderas Industriales**

**Acoples Camlock**

**Acoples Garra**

**Cables de seguridad Whipcheck**

**O'rings**

**V'rings**

**Billas Milimétricas y Pulgadas**

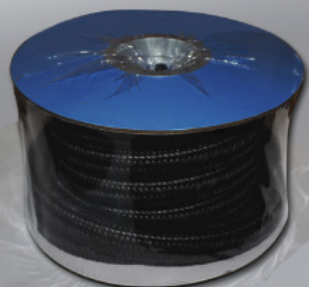

# EMPAQUETADURAS

## Empaquetaduras Cuadradas

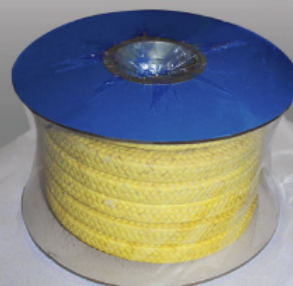

**PTFE  
CON KEVLAR**

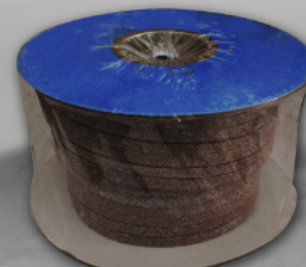

**PTFE  
GRAFITADO**

**KEVLAR**

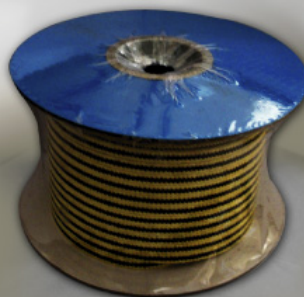

**KYNOL**

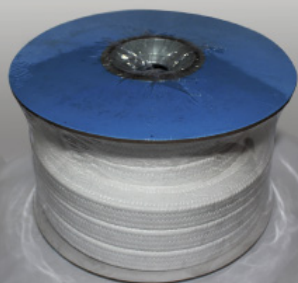

**RAMIO**

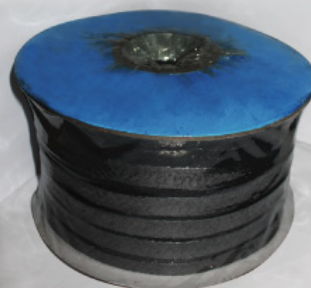

**PTFE  
GRAFITADO  
y KEVLAR**

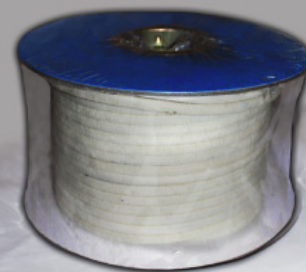

**PTFE**

**GRAFITO  
EXPANDIDO**

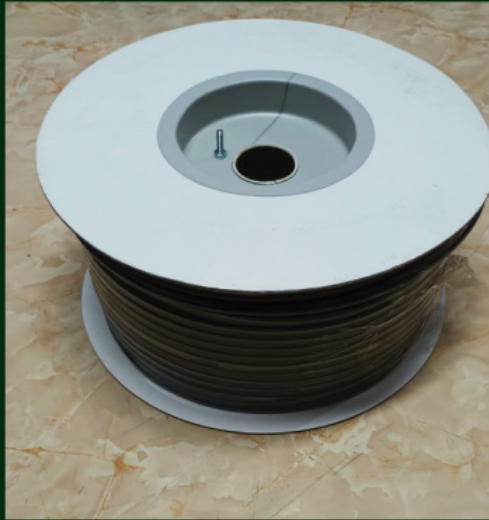

**ACRÍLICO**

# EMPAQUE Y ETADURAS

## Cordones Nitrilo y Vitón

## Teflón expandido

## Tela de teflón con fibra de vidrio

## Planchas libres de Asbesto

**HNA 200**

Cellulose Fibre, NBR, Water/Oil resistant.

For light to medium loadings, suitable for low operating pressure, e.g. transformers, compressors, valve cover and oil pans internal combustion engines

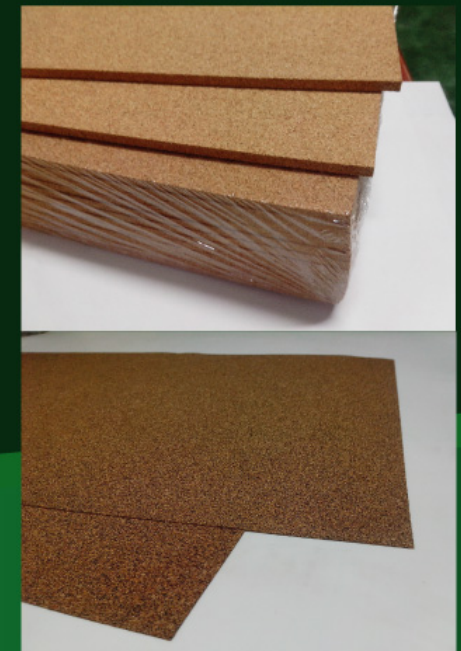

**HNA 400**

Aramid Fibre, Mineral Fibre, NBR, High Performance Oil Resistant.

For high loadings, excellent thermal, chemical & mechanical properties, For compressors, pipelines, gas meters and internal combustion engines pipe joints, pumps etc.

## Planchas de Corcho

# PLÁSTICOS TÉCNICOS (Barras y Planchas)

**Acetal**

**Nylon**

**PET (Tereftalato de Polietileno)**

**Polietileno HDPE**

**Polipropileno**

**Teflón (PTFE)**

**Teflón con Bronce**

**Teflón Grafitado**

**UHMW**
